## Church News

### A Church Tower Is Being Built

Editor  
Torrance Press

High on a scaffold workmen are working on the 52-foot tower of the new First Lutheran Church at Carson and Flower. The tower points like a finger toward heaven, indicating that what the church gives to people in its teaching and preaching it receives from God in heaven. The Cross is the symbol

bol of God's love. For God so loved the world that He gave His Son even unto death on the Cross for us. At the top floor of the tower is a sound chamber in which speakers will be placed for the purpose of playing sacred music and chimes.

At present the churches in Torrance are spending about \$425,000 to expand their facilities to meet the needs of our fast-growing community . . .

May our church towers with their crosses show the visitor that we are a church-going and a God-loving community.
